WHITLEY ATLANTA BUCKHEAD

Sit a spell in The Whitley's Sanctuary Lounge, where a custom mixed-media butterfly artwork by Suzanne Creighton boasts four portraits of notable Atlantans.

CHECKING IN Out-of-towners and staycationers alike have their eyes set on the newly renovated **The Whitley Atlanta Buckhead** as it unveils its multimillion-dollar transformation. Visitors of the iconic hotel can expect expanded rooms with sweeping city views, marble bathrooms and lavish living areas—all of which are elegantly appointed with mahogany hardwood floors and Italian marble vanities. Inspired by its Atlanta address, The Whitley adds Southern charm to its sophisticated ambiance through its refreshed lobby lounges and in-house restaurant, Trade Root—think Southern-inspired cuisine like crabcake Benedict, and fried chicken and waffles. You'd be remiss not to indulge in an appointment or two at the award-winning on-property spa, which boasts a selection of stress-reducing must-try treatments (be sure to schedule an R&R session in the Himalayan salt room). Need we say more? *Club Rooms from \$309 per night, 3434 Peachtree Road NE, thewhitleyhotel.com —Rebekah Raudebaugh*
